

# LEATHER DESKTOP COLOURS, TOOLING AND MOTIFS

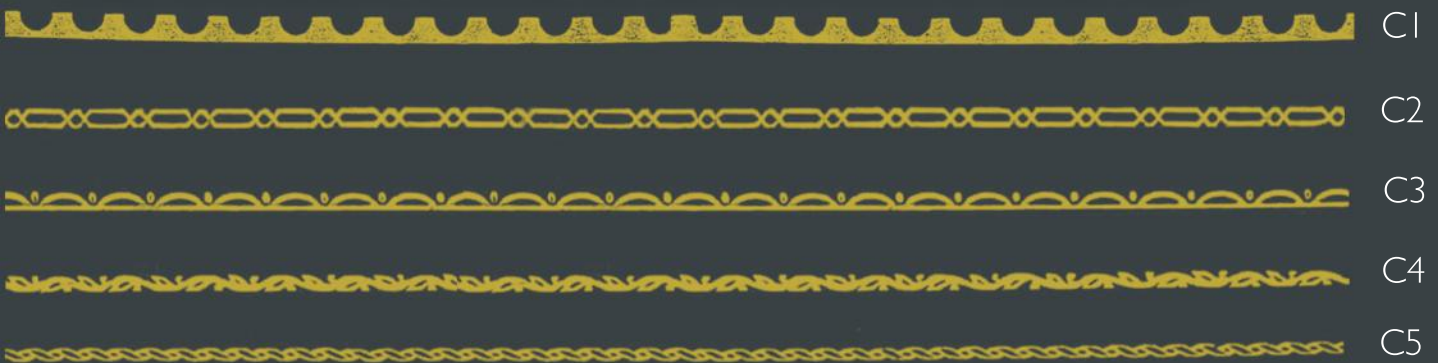

Leather writing slopes and desk tops can be restored to a historically accurate or favoured colour with appropriate decorative features such as borders and motifs.

This guide will help you to choose from a selection of available colours and designs. Our team can assist with creating the perfect replacement for old and damaged leather panels, including bespoke motifs of your family crest, military insignia or heraldic symbol.

## BORDER TOOLING PATTERNS

Classic border patterns to suit any desk top, recommended for a simple finish

Decorative border patterns for a detailed and elegant finish

Leaf and floral patterns suitable for Victorian and 18th century desks

Neoclassical patterns inspired by Greek and Roman designs

## DECORATIVE DETAILS AND MOTIFS

These details can be used as corner decorations or be placed in the centre, the positioning can be customised to each leather panel to suit the desk and your own preferences.

# LEATHER COLOURS

Leather can be sourced in a variety of colours. This allows our team to match the finish of the original surface to accurately replace the historic design or to suit your own interior design needs.

Below are some of the most commonly used leather colours in antique writing desk restoration, these will suit most styles but further bespoke colours can be sourced if required.

**SAGE**

**PINE**

**NAVY**

**TAN**

**HAZEL**

**GOLD**

**UMBER**

**CHARCOAL**

**MAROON**

**CRIMSON**
